## Sales

The Beckman & Gast Co. is a small organization yet has nearly all the values of dealing with a large processor. We offer a wide range of sales options including: direct sales via our offices, sales via food brokers, inter canner agreements, co-packer agreements, and sales to governmental agencies. Beckman & Gast also offers a variety of shipment options including, mixed loads, less than truckload orders, multiple stop shipments, and customer pick-up. We are capable of receiving orders via EDI, fax, email, and verbally over the phone. We can send invoices via EDI, fax, or US mail. Many new sales opportunities involve sending out samples, credit checks, references, and checking freight rates; we would be glad to work with you in resolving these issues.
