

Quality Food Processor

Cut Green Beans • French Style Green Beans
Tomatoes • Stewed Tomatoes • Diced Tomatoes
Flavored Diced Tomatoes • Tomato Juice

“Luke Beckman and Lewis Gast built our company around consistent quality, low price, and great customer service. Those same values still hold true today.”

William “Bo” Gast, President @ 75th Anniversary

Beckman & Gast is a family owned and operated food processor located in west central Ohio. We have been processing tomatoes since 1928 and green beans since 1952. Manufacturing products for our own Beckmans brand as well as many private labels has been the mainstay of our business from day one. Consistent quality, low cost, and superior customer service have developed a loyal customer base as well as new business for us. Family ownership and operation allowed our management staff to have literally “grown up” in the factory. Not being the biggest processor allows Beckman & Gast to offer some very personable customer service and timely delivery options.
